

Finding the documents, whether they be inspection reports, action plans, construction programmes, registers or compliance certificates couldn't be easier - Just click on the folder in your Company's Secure Information Portal, and download the information that you require.

Accident Reporting & Investigation

Asbestos

Building Location & Site Information

Construction Design & Management (CDM)

Contractors Risk Assessments

Control of Substances Hazardous to Health

Disability Policy

Display Screen Equipment

Electrical Safety

Enforcement Authority

Environmental Protection

Fire Safety

And Many More ....

## What are the Benefits?

- Easily retrievable documents at your finger tips, from any computer in the world, that is connected to Broadband.
- Documentation is uploaded as it is produced or received at our offices, and is therefore always up-to-date.
- Free Information Files - are available to receive a wealth of information including:
  - Legislation Updates
  - Latest News
  - Our Health & Safety Bulletins - "Get A Little Extra"
- Secure password protected Company Information Portal that stores all of your documents away from your premises - giving you peace of mind as to their safe-keeping.

The Secure Information Portal is available to all of our customers that take up our ProjectCover 24 or tailor-made safety programmes as well as our Building & Technical Service.
